# COUCH

## Code of Conduct

Code of Conduct

**Shelter In Place is an event organized and hosted by you, has been since March 16, 2020**

The goal of Shelter in Place is to help pass the time for our attendees by being creative and giving joy. While we are all acting like adults, we can still have fun like kids but with more expensive toys. Though, still take any and all precautions with your activities you do at home.

### **Costumes, Clothing, Behavior, & Safety**

Costumes of all designs and materials are welcome, so please have fun dressing up for yourself! You are in your own space, dress or not dress to your likings! Share pics if you like!

## Code of Conduct

Code of Conduct

### **Harrassment & A Salt**

Respect the boundaries of those you live with, especially your own limits. No means no. Open communication is important to having a peaceful & balanced living environment. Also, do you have enough salt?

### **Buying & Selling**

Shelter in Place allows multiple ways to purchase merchandise and or services. Online orders is the main avenue for seeing and/or aquarinning about said products. You could call, but who answers their phone these days? Tip well when ordering food, and maybe consider learning some new tasty recipes to cook!

## Code of Conduct

Code of Conduct

### **Parties, Alcohol & Drug Tolerance**

Shelter in Place is hosted at your home, with any housemates, you decide on drinks and what drugs you do. (But please no drugs near the pilot) Parties that involve those not from your household are not recommended, since the sickness is airborne. But if you must, party outside, with more than 6ft between different households, and BYOB to avoid physical contact. AND PICK UP YOUR TRASH IF YOU ARE GOING TO A BEACH OR PARK.

Code of Conduct

## Photograph & Video

No pictures of Protestors! But please do share any pics of your fursuits/kigus/partials/badges/etc you wear and Works In Progress on projects!

## Membership & Attendance

You need to shelter in place, aka your home, to attend Shelter In Place con. Don't lock yourself out, and quarantine yourself for the needed amount of days when you travel elsewhere. Attending is ongoing and free, besides paying for food delivered or cooked, entertainment in form of projects or education material, rent, bills, medical, phone, car... you get the picture. We are about halfway into The Year of Hell from Voyager, day count wise.

# Code of Conduct

Code of Conduct

## Termination and Revocation

In the rare case that a membership needs to be revoked during the event, well, we'll do what we can to help you find a new place to Shelter in Place. We cannot terminate membership till we have a working vaccine and everyone wears their mask correctly.

## If you need Assistance...

During operating hours, Shelter in Place's Convention Operations center will help you find a start for the assistance you seek. Remember, we are not experts, we are all volunteers and participants. Help yourself, and help others when you can. Don't forget, we are all in this together.  
Have fun and stay safe!

Looking for somewhere to eat?  
Try Your Fridge!

**OPEN 24/7**

AS LONG YOU KEEP IT STOCK

# Word from the Crew

Word from the Crew

Thank you all for practicing Social Distancing to reduce the spread of Covid-19. We understand that this is the longest time any of us have gone without hugs and physical contact from furry family and all our other social activities. The more you practice safe social distancing, the better chance of seeing each other when this is all over.

Staying at home, not having visitors and ordering online are the safest ways to get through the pandemic till we have a successful vaccine. Please keep wearing a mask when you leave your home for essential shopping, maintain at least 6ft distance from folk outside your household, and maintain your hygiene.

Stay hydrated, find projects to learn and create, and help where you can. Knowledge is power.

SIPCon aka Shelter In Place Convention

In all this gloom of no more contact conventions till we have a vaccine inspired us to make a little something to reach out to our friends.

This was a fun silly project to do for all of you. Hope you have a great time enjoying the little parody.

Any errors are intentional. ;P
